Principal's Message

The school is certainly buzzing with all the different learning tasks being performed by our students. There are designers, performers, writers, mathematicians and scientists, just to name a few. Our students are engaged, challenged and inspired to reach their full potential. Our exceptional teachers play a pivotal role in this by encouraging curiosity and critical thinking. Our staff have a passion for teaching and cater to the diverse needs of our students. I am proud to say that I work at Robertstown Primary School! Having a supportive Governing Council and Parent Club contribute to this success. This week we held our AGM's where reports were presented and committees were elected. Thankyou to everyone who attended.

NEWS

Mrs Lewis

This week the children made a start weeding and preparing the garden tubs ready to plant new veggies (once this hot weather has passed). HASS this term is a focus on Asia. We have had an overview of the continent and learnt about the countries, landmarks and geographical features. For Art the children used Primary colours to create 'tints' by adding colour to white paint, then painted different sized circles which will be arranged to create a group artwork. The year 4-6 group have been developing their knowledge of the metric system and measuring length using mm, cm, m and km. In Literacy we have written some great Narratives using 'first person' point of view.

Guess what I learnt this week?

I learnt how to make jam and it made me happy. I had to keep stirring it on the stove so it wouldn't stick.

~Isla

Mrs Schutz

The students have been very hands on this past fortnight exploring various plant species (herbs and spices) that we can grow, cultivate and use. In our integrated program 'How does your garden grow?' our students have built on their knowledge learning the difference between herbs and spices and how they can be utilised. We have also looked into food wastage and how we can use foods we grow that are in season and abundance through preservation. Over the last week we have picked our nectarines to eat fresh, make jam and stew. We also collected some of our chooks eggs to boil and pickle. The students have done an amazing job and are learning some great cooking and life skills along the way.

Zayden trying our home-grown homemade Nectarine Stew!

Bailey and Jaymes collecting nectarines from the tree while Nicola collects the damaged ones for our chickens!

Jaymes with two jars of homemade pickled eggs.

Alyssa peeling the boiled eggs to prepare for pickling.

Philippa, Nicola and Zayden juicing and slicing.

S.R.C

Well done to all students for writing and presenting their speeches to the school. Congratulations to Philippa Royce, Alyssa McLaughlin and Louisa Royce who were voted by their peers to be our schools Student Representative Council for 2024. We look forward to their fundraising events!

The students loving some water play on these hot days!

Nicola and Philippa playing in the nature play area.

Recess & Lunch Fun!

The students have been having fun during their break times using creative play and imaginative nature play!

Bailey patting the lizard Mrs Schutz found.

Louisa made a dinosaur world!

NOTICES

Eggs For Sale!

The students have been caring for our chickens and collecting their eggs!

\$4 per dozen

Available at the school or local PO.

ROBERTSTOWN PRIMARY SCHOOL
